Players and retailers alike can be very proud of their contribution to education both by purchasing and selling lottery tickets.

In FY07, 35% of every lottery purchase went towards education.

Lottery proceeds support four education programs: at-risk four year olds through the More-at-Four program; class size reduction in grades K-3; school construction; and college scholarships.

Since inception March 30, 2006, the North Carolina Education Lottery transferred \$455 million to the education lottery fund which disbursed lottery dollars to the programs. The FY07 transfer of \$313 million plus carryover from FY06 brought the FY07 amount transferred to the North Carolina Education Lottery Fund at the Office of State Budget and Management to over \$325 million.
